PROFESSIONAL SUMMARY

Software Developer with experience in building web-based applications and digital systems. Skilled in developing efficient, structured, and scalable solutions based on user needs. Strong in problem solving, system analysis, and feature development, with the ability to work independently and collaboratively in a team environment.

WORK EXPERIENCE

Software Developer **May, 2026 - August, 2026**

Criterion Tech

- Developed and maintained digital applications based on user requirements
- Performed system analysis, debugging, and performance optimization
- Collaborated with cross-functional teams to deliver scalable solutions

Internship **November, 2025 - March, 2026**

Criterion Tech

- Supported feature development for digital applications
- Assisted in system testing and implementation
- Maintained data quality and documented development processes

EDUCATION

Bachelor of Computer Science **August, 2022 - August, 2025**

Era *University*

KEY SKILLS

- Software Development
- System Design & Architecture
- Problem Solving & Debugging
- Database Management
- API Development & Integration
- Performance Optimization

ADDITIONAL INFORMATION

- Languages: English, Hindi, Urdu
- Availability: Open to work / Freelance
